A PRINTING OFFICE

CROSSROADS OF CIVILISATION

REFUGE OF ALL THE ARTS
AGAINST THE RAVAGES OF TIME

ARMOURY OF FEARLESS TRUTH
AGAINST WHISPERING RUMOUR

INCESSANT TRUMPET OF TRADE

FROM THIS PLACE WORDS MAY FLY ABROAD
NOT TO PERISH ON WAVES OF SOUND
NOT TO VARY WITH THE WRITER'S HAND
BUT FIXED IN TIME HAVING BEEN VERIFIED IN PROOF

FRIEND YOU STAND ON SACRED GROUND

THIS IS A PRINTING OFFICE

Beatrice Warde, the evangelist for good typography, was a staunch believer in the power of the printed word to defend freedom.

*She designed this famous broadsheet in 1932,
for the Monotype Corporation,
using Eric Gill's Perpetua typeface.*

GENERAL INFORMATION

Piccolo Press, established in 1985 by Commander Tim Honnor, enjoys an enviable reputation for supplying the highest quality stationery to clients world-wide. All design and printing is done "in house". This enables us to provide you with a quick turnaround of your order at a competitive price. We are always delighted to help you with advice on any printing matter.

PRINTING PROCESSES

- **Engraved:** Piccolo has the only diestamping presses within Scotland and is one of the very few companies in the UK able to print engraved stationery. Our engraved copperplates and steel dies are made by two of Britain's finest engravers.
- **Thermography:** Our thermographic (heat raised) printing uses special matt powders, producing a raised image remarkably similar in appearance to the engraved process. The heat may cause a little curling of certain papers and cards. These will normally flatten out when the stationery is back at 'room temperature'. (Please note that thermographic stationery is not suitable for papers that will subsequently be passed through a laser printer).
- **Lithographic:** Our flat printing is mainly done by lithography.
- **Letterpress:** Letterpress printing produces a crisp and dense image with a slight indent or deboss, and has a stunning tactile quality.

INK COLOURS

Our standard colour is black, for which there is no extra charge. All colours other than black will incur an additional charge of £10.00. Should you require an exact PMS (Pantone) mix there is a charge of £20.00 for this

PICCOLO PAPERS AND ENVELOPES

These papers, smooth for writing on with a fountain pen, are of the highest quality with plenty of bulk. (Please note that laid papers are not particularly suitable for thermography, and are a little more 'bumpy' to write upon.)

- Piccolo Brilliant White - 160gsm
- Piccolo Soft White - 160gsm
- Piccolo Recycled White - 160gsm
- Piccolo Oyster - 160gsm
- Piccolo Oyster Laid - 160gsm
- Piccolo Cream - 160gsm
- Piccolo Sky Blue - 135gsm
- Piccolo Dark Blue Laid - 135gsm

CONQUEROR PAPERS AND ENVELOPES

Conqueror, a quality paper slightly lighter than Piccolo Paper, has been a favourite with our clients for many years. *(Please note that laid papers are not particularly suitable for thermography, and are a little more 'bumpy' to write upon.)*

Conqueror Papers come in:

- Soft White - 120gsm
- Soft White Laid - 120gsm
- Cream - 120gsm
- Sky Blue Laid - 100gsm

IMPERIAL PARCHMENT

This is the well known "special pen surface paper" until recently sold by Waterstons of Edinburgh. It is only available in boxed sets of 200 Post Quarto sheets (size 9" x 7") with matching envelopes.

Prices for each box of 200 quarto sheets are:

Engraved £145.00 (plus cost of die) or letterpress printed £125.00

Price for each box of 100 envelopes (size 89mm x 184mm) £22.00

ENVELOPES

All papers will be supplied with matching envelopes. Piccolo envelopes have a Diamond 'V' flap and Conqueror envelopes have straight flaps.

CORRESPONDENCE CARDS

Matching correspondence cards with name and address (or name/address only) are a most popular stationery item. Please note that thermographed cards may very slightly curl. The standard correspondence card 400gsm is A6 (148.5 x 105mm) for use with a C6 envelope. The larger correspondence card (178 x 113mm), uses the Post Quarto size envelopes. We have "Ultra Thick" Letterpress correspondence cards, which with a slight deboss and crisp print, produces a really exceptional card. Available in White, Oyster, Cream and Sky Blue.

INVITATION CARDS

The card we use for our engraved and thermographed invitations is a heavy smooth card. This card comes in White or Oyster.

- 600gsm - our standard weight for general invitations and "at Homes".
- 750gsm - A super thick card very good for bevelled edges and gilding. *(and for very special occasions!)*
(Please add 15% to our standard 600gsm prices).

PRESENTATION BOXES

All of our stationery is packed into our special hand made strong presentation boxes.

TYPE STYLES

We have two standard type style sheets. One is for personal stationery, whilst the other is for invitations. If you are looking for a style not on the sheets, it is more than likely that we will be able to trace it from our extensive type library.

PROOFS

We supply one "proof copy" of each item to be printed, along with a proofing slip for you to sign as "correct" and return to us as your agreement for us to proceed with the printing of your job. Further alterations or additions to this proof will be classed as "Author's Corrections" and will incur an extra charge. Proofs will normally be e-mailed, faxed or sent by post as a 'laser printed proof'. Proofs will not be on the chosen stock, nor show the thermographed or engraved processes and the colour of ink. If a proof is requested but the subsequent printing is not ordered, a charge will be made.

ORDERS

Please send written, faxed or e-mailed details of your proposed order. (or use the contact form on our web site) Telephoned details should always be followed up with written instructions. We will then provide you with a quote. On your confirmation of our quote we will inform you of your job number and that we are proceeding to the proofing stage.

DELIVERY

Delivery to a UK address will normally be within 14 working days of your agreement of the proof, although there are times when we are exceptionally busy and may need three weeks to complete your order. If you wish to fast track your order, there will be an additional 'rush job charge'. (£75)

Orders that involve the engraving of steel dies and copper plates will take longer.

PAYMENT

Full payment (less any deposit) by credit card or cheque, is required before your stationery is dispatched.

We charge delivery 'at cost' and use a UK carrier service (DHL) that will deliver within 48 hours.

*Piccolo Press can also provide you with the highest quality wedding stationery, business stationery and invitations for corporate entertaining.
Please ask for a sample pack and price list.*
